

North Texas Child Magazine Showcases ACE Allied Healthcare Programs

ACE is proud to be featured in the January edition of North Texas Child Magazine, a monthly parenting and lifestyle publication serving families in Denton County. Check out the full advertorial (pages 24-25) at [North Texas Child](#).

ACE Congratulates Allied Healthcare Program Completion Recipients

December marked the certificate completion for many ACE Allied Healthcare Program students. “All of our students were on top of their game,” said Coordinator Maame Darkwe. “They came ready to learn, they were engaged and they got it done.” Many of the Allied Healthcare Program students also received job offers prior to completing their externships. “Several dental assistant and CNA students were offered full-time jobs while in the middle of their externships,” Darkwe said, “because they were already doing the work at an exceptionally high level and made a great impression on the healthcare practices.” Darkwe is excited about the upcoming programs because of the demand in the area for highly-skilled certified healthcare professionals. “I have been contacted by many healthcare facilities in the area who are in need of certified professionals, especially CNAs and dental assistants.” Anyone interested in the ACE Allied Healthcare Program is encouraged to learn more at ace.nctc.edu.

ACE Offers Adult ESL Classes to Communities

The ACE Adult ESL program is preparing to launch its spring adult ESL classes at its Gainesville and Corinth campuses. ESL classes are offered free to residents of Cooke County and for just a small fee to non-Cooke County residents at our Corinth campus. Assessment and registration take place in Gainesville at the 200 building on Tuesday, January 16th, from 5-8pm and on Thursday, January 18th, from 5-8pm. ESL assessment and registration take place at ACE Corinth on Tuesday, January 16th, from 9am-12pm and on Tuesday, January 23rd, from 5-8pm. If you or someone you know is interested and would like more information, please contact Vicki Jackson at 940-498-6274 or vjackson@nctc.edu.
